Sports Premium Spending 19-20

What is Sports Premium Funding?

This is targeted money provided by the government to develop sport in schools. We welcome this funding and we are using it to improve our sporting offer to all the children.

Sport at Hanham Abbots Junior School

Sport and Physical exercise play a big part in the life of our school. It is an important part of the school curriculum and a key part of the school's extra-curricular programme. The school promotes sport to keep children active and healthy, foster teamwork, provide opportunities for fair competition, support physical and emotional development and to have fun.

The Sports Premium Funding is used to develop the teaching of PE and games in the school curriculum, increase the range of extra-curricular activity and to develop increased opportunities for inter and intra school competition.

How much Sports Premium did we get, how did we use it and what was the impact?
