

# Reading at home with your Year 1 child

Children need to develop pleasure in reading, motivation to read, an increased vocabulary and an improved level of understanding. They will do this by listening to and discussing a wide range of poems, stories and non-fiction texts at a level beyond that which they can read independently. By frequently listening to stories, poems and information texts that they cannot yet read for themselves, children begin to understand how written language can be structured in order, for example, to build surprise in narratives or to present facts in a non-fiction piece. By reading together, children can also be shown some of the processes for finding out information within a book (e.g. modelling the use of a contents page or index).

## Tips for developing reading skills at home

*What is happening?* Talk about what is happening in the pictures **before** you read the text. *What can you see?*

Discuss alternative words. *Which word could the author have used that is a bit more exciting than **big**?*  
Use a thesaurus together.

Make predictions. *What do you think will happen next? What makes you think that?* If your child's prediction is way off the mark, model your own and give your reasons.

Start in the middle of a book. *What do you think has happened before this point? What makes you think that?*

Discuss the setting of the story.  
*Have you read another book with the same setting?*

Discuss the meaning of words. Use a dictionary together to get your child used to exploring words for themselves.

## Tips for developing phonics skills at home

Turn off the TV so that you can listen to and talk to your child. Model correct speech and pronunciation.  
Ask your child lots of questions.

Play 'I Spy' games. *Can you find something beginning with...? How many... words can you see?*

Pretend to be a robot. *'Can you bring me your s-o-ck-s?'*

Encourage your child to segment (break up) words into their sound parts and blend them (push them back together).

Pretend that you can't read particular words within your child's phonic knowledge. Ask them to read them to you.

Put flour, salt, rice or sugar on a baking tray and spell out words together. Or use magnetic letters on the fridge.
